Library

Library can display either all available editions or only editions that are already downloaded to your iPad.

Tap to see all editions.

Tap to see only the editions you have downloaded.

This edition is on your iPad.

Buy an edition.

Download edition.

Select a reading level (refer to the "Reading Level" chapter).

Updating Editions

News-2-You automatically checks for new editions on launch. You can check for new editions at any time by dragging down the Library list.

A special notification area will be visible while **News-2-You** is retrieving the list.

Editions on your iPad

In the Downloaded list the editions that are installed on your iPad are shown.

Reading progress shows how many pages have been read by the current user.

Reading Level

If you are the administrator, you can choose a reading level when opening an edition. For other users the level can be chosen in Options.

Searching for Editions

1. Tap  to open the search field.

Only editions that contain words you search for are listed.

N2Y Account

Existing news-2-you subscribers can access the editions by connecting to their N2Y account.

Activate your account in Options.

1. Tap "N2Y Account."

2. Enter your N2Y Account email address and password.

3. Log in to the account.

In-App Purchase

After you install **News-2-You**, one sample edition is available for free. To get more editions you can either buy individual editions or buy a subscription.

1. Tap .

2. Choose to buy a particular edition or subscribe.

Restore Purchases

You can restore the editions that you have bought as In-App Purchases on another iPad using your Apple ID.

1. Open Options and tap "Restore In-App Purchases".

2. If you are not logged in yet tap "Use Existing Apple ID".

3. Enter the email address and the corresponding Apple ID password, and then tap OK.

Archiving Editions

You can archive editions manually or let **News-2-You** do this automatically. Archive will remove editions from your iPad, but you can download them again at any time for free.

To schedule automatic archiving, tap , tap “Auto-Archive”, and then choose a time period. Any editions that have not been opened for this period will be archived automatically.

Archiving Editions

To archive editions manually:

1. In either All or Downloaded list, tap **Edit**.

2. Select the editions you want to archive.

3. Tap **Archive**.

4. Tap the "Archive" button in the message that appears.

Reading an Edition

Tap the edition that you want to read. The edition opens at the last page you viewed.

To listen to a single sentence, tap it.

To hear a single word, touch and hold the word.

To return to the Library, tap **< Library**.

Tap **▶** to make **News-2-You** read the entire page aloud. Tap **||** (it replaces the **▶** symbol) to pause reading.

Zooming

Tap  to enlarge the page. Tap  to zoom out again.

Navigating an Edition

You can read an edition page by page. To turn pages, swipe right or left or tap the corresponding navigation button: > or < at the bottom of the screen. You can also jump between parts of the edition. (See the next chapter.)

Choosing a Section

Editions are divided into sections. By tapping the section button you can go directly to the section you want.

1. Tap .

2. Choose a section you want from the menu that appears.

Interactive Pages

Some sections are activity pages that require input from you. These sections are Game, Review, Puzzle, Sudoku, and Think.

Interactive Pages: Puzzle

Fill the grid with words from the “Across” and “Down” lists according to the word numbers.

Tap a cell ...

... tap the character.

Interactive Pages: Sudoku

Fill in the grid so that every row, every column and every large box contains the four items.

The screenshot shows an iPad interface for a Sudoku game titled "Guide Dogs". At the top, the status bar shows "iPad", signal strength, "08:35", and "100%" battery. The app header includes a "Library" button, a home indicator, and a user profile icon. Below the header, a small grid shows the numbers "0 8 0" and "0 9 0". The main instruction reads: "Fill in the grid using the pictures below so that every row, every column and every large box contains the following four items:". Below this are four icons: a person with a dog, a dog, a dog's head with a red 'X' over its eye, and a person with a dog. The main 4x4 grid contains some pre-filled icons and empty cells. A 3x3 sub-grid is highlighted in blue, with a dog icon in the center cell. A callout bubble points to this cell with the text "Tap a cell to select it.". Below the grid is a toolbar with four icons corresponding to the items in the instruction, followed by a "clear" button (a square with an 'X') and a "hide keyboard" button (a keyboard icon). A callout bubble points to the clear button with the text "Tap [clear icon] to clear cells.". Another callout bubble points to the hide keyboard button with the text "Tap [hide keyboard icon] to hide the picture keyboard.".
