

Adjusting Appearance 2 - Color

Proloquo2Go (iPhone, iPad and iPod touch). In this short tutorial you will learn how to change the screen, text and background color of your Proloquo2Go screen.

Changing Screen and Text Color

Launch Proloquo2Go by tapping on its icon. Go to the Options view.

On an iPod touch or iPhone, the Options View can be accessed by tapping the views toolbar button at the bottom left of the screen, and then tapping the Options button ① in the Views display.

On iPad, the Options button ① is the rightmost button on the toolbar.

Tap on the Appearance section. In the Color section, tap on Text. ① Select Yellow for the text color.

Tap on the Appearance button at the top of the Options screen. In the Color section, tap on Text Background. ① Select Blue for the text background.

Changing Background Color

Tap on the Appearance button at the top of the Options screen. In the Color section, tap on Item Background. ① Select Red for the text background.

On iPad, you can see the changes immediately. Tap anywhere outside the Options screen to exit Options and see the full screen.

On iPod touch or iPhone, tap Appearance on the top of the screen, tap Options on the top of your screen and then tap Done on the top of the screen.

Note the new look of your Proloquo2Go screen.

When you are finished, you may want to set your screen back to the defaults. Follow the instructions above to change your settings back to the original.
